**Subject: Certificates according to TÜV Spec 931/2.572.9**  
Product: Solar Modules

Dear Mr. Kohji Matsuo,

Please be advised that from 2007 it was decided that TÜV RHEINLAND would no longer issue any certificates according to TÜV Spec 931/2.572.9 "Safety Class II Test on Photovoltaic (PV) Modules" Therefore we cannot issue certificates according to TÜV Spec 931/2.572.9 for the solar modules produced by Yocasol Inc.

TUV Rheinland had tested these modules previously prior to the License Transfer and the modules had passed the safety class II requirements with no problems.

We appreciate your support and would like to offer our assistance in the approval of your future products through our extensive range of technical services.

Please feel free to contact us should you need any further assistance.

With kind regards,

TÜV RHEINLAND JAPAN LTD.  
Photovoltaic  
Industrial Services
